kindyhub™ simply connects parents with their early learning centre.
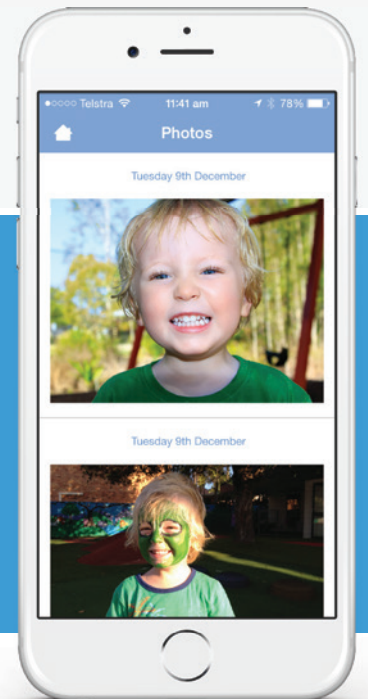

Receive updates from your centre via email or our app

Download on the **App Store**

ANDROID APP ON **Google play**

Kindyhub enables educators to capture your child's learning and development, keeping you connected with your child's early learning experience.

Our parent app allows insight into your child's day providing you with photos, stories, events and achievements.

Features

Learning - All Daily Reports & Observations are received.

Photos - Parents can access photo's of their child

Communication - Parents receive news and notices from their centre

Events - Stay up to date with special events

Feedback - Send direct feedback to help improve the app

Secure and private using industry standard SSL security. Read more: www.kindyhub.com.au/security
